RELAP5-3D Training Workshop

This year the Idaho National Laboratory(INL) plans on offering a three-day advanced RELAP5-3D Training Workshop immediately preceding the Users Group (IRUG) Seminar and Meeting. Dates for the training class are October 3-5, 2016. Please see the attached agenda for training topics covered. The class is open to individuals from organizations that have a current RELAP5-3D license and have been approved by the INL as RELAP5-3D users for their organization. Attendees are required to furnish their own laptop with RELAP5-3D version 4.0.3 or higher installed.

Seminar and IRUG Meeting /Raven Training

The 2016 International RELAP5 Users Group (IRUG) Seminar and Meeting will be hosted by the INL in Idaho Falls, Idaho. The Seminar begins October 6, 2016 and concludes on October 7, 2016 with the User's Group Business Meeting. At the conclusion of the User's Group Business on Friday October 7, there will be a training Workshop for the RAVEN code. Raven training is open to everyone.

RAVEN is a generic software framework designed to perform parametric and stochastic analysis based on the response of complex system codes. Its is designed to collect probabilistic risk assessment, uncertainty quantification, optimization and validation methods on the same platform, providing to the user a complete framework to fulfill analysis needs.

RAVEN is currently coupled with several codes; for example, RELAP5-3D, RELAP-7, MOOSE-based applications, MELCOR, and MAAP.

The RELAP5-3D Training Workshop and the Users Group Seminar RAVEN Training workshop will be held at the:
Residence Inn
635 West Broadway
Idaho Falls, ID 83402
Telephone +1-208-542-0000
